#### Double Glazed Glass Door

The double glazed glass door not only improves insulation but also enhances energy efficiency, ensuring drinks stay cool without compromising performance.

#### Mechanical Temperature Control

This fridge comes with a temperature control dial inside the fridge.

#### Metal Coated Wire Shelves

The chrome coating on this rack provides a combination of durability, aesthetics, and functionality.

#### Designed For Indoor Use

Designed to operate indoors rather than in outdoor or unprotected areas.

#### 3 Year Warranty

Three-year product warranty covering labour and parts ensures peace of mind
