Active Carbon Filter with Triple Ventilation System

Helps to encourage air flow and improve quality of air, eliminating odours within the unit to help preserve the natural taste of the wine.

Digital Temperature Display

Easy to use control which helps to provide maximum and most simple control over temperature within the unit.

UV Coated Glass Door

Helps to provide superior insulation and reduce harmful UV rays which can alter the natural taste of wine.

LED Internal Light

UV free dimmed blue LED lighting which allows sufficient visibility within the unit on demand whilst not damaging the quality of wine.

Wood Shelves

Six telescopic beech wood shelves which are removable and allow easy access and help reduce vibrations within the cabinet.

Anti-Vibration System

Shock resistant shelving and adjustable feet to minimise vibrations.
