Dual Zone Cooling

Two fully controllable zones providing the option of storing and serving drinks at two different temperatures, ideal for different types of wines.

Digital Temperature Display

Easy to use control which helps to provide maximum and most simple control over temperature within the unit.

Active Carbon Filter with Triple Ventilation System

Helps to encourage air flow and improve quality of air, eliminating odours within the unit to help preserve the natural taste of the wine.

Locks as Standard

Provides added security to the contents of the cabinet. Two keys supplied as standard.

LED Internal Light

UV free dimmed blue LED lighting which allows sufficient visibility within the unit on demand whilst not damaging the quality of wine.

UV Coated Glass Door

Helps to provide superior insulation and reduce harmful UV rays which can alter the natural taste of wine.
